

App Setting

iOS APP

Android APP

1

Scan the QR code to download smart life App at app store or smartphone. You can also search keyword "smart life" at App Store or Googleplay to download App.

2

Register your account with your Mobile Number or E-mail address.

3

Log in your account with your registered Mobile number or E-mail address and password, with Wi-Fi connection.

4

After finishing the installation of the module, turn the light off, then press the traditional switch for about 5 seconds or more until the light connected to the module flicker quickly.

5

Connect your smart phone to Wi-Fi network and launch the App. Click "Add Device".

6

Make sure your smart phone and Wi-Fi switch module are in the same Wi-Fi network. The connecting process takes about 30-120 seconds, depending on your network condition and the length of Wi-Fi password.

7

When configuration is done, the Wi-Fi switch will be shown on the App.

8

Connect to Alexa echo or Google Home for voice control share the devices with your families or friends.
